Following on from their outstanding contribution to Hospitals Records Plastic Surgery 3 compilation comes the first full 12" release by New York's finest production/DJ outfit, Mathematics. Comprising of DJ's Roy Dank and Bluefire alongside production don Mike Genato. With recent signings to labels such as Renegade Recordings, Defunked, Frontline and Hospital this is one act making waves on both sides of the Atlantic.

Blackjack takes US deep house and gives it that drum and bass twist. Combining haunting strings, full bass and punching beats to create a marvellous musical step out.

Check the flip for Sunday Morning, a tune that takes a wonderful Latin vocal and lays it over tight drums and a dance floor bassline. A sublime roller, wonderful in the clubs or on those hazy Sunday mornings.

Both tracks demonstrate the sound of the Mathematics unit in full effect.
