Up next on Critical is a diverse 12 by two of the scenes fastest rising stars. Silent Witness & Break follow on from releases on labels such as Commerical Suicide, No U Turn, Quarantine and their very own DNAudio with a double A side single for Critical.

Dialling Out is a heavy roller utilising tough beats and deep bass alongside haunting pads and dubbed out sounds.

Godpad flips the script and shows the other side of this production duo. A real piece of tech fused future funk.

DJ support from Bailey [1 Xtra], DJ Flight [1 Xtra], L Double [1 Xtra], Cause 4 Concern, Bad Company UK, High Contrast, Pendulum & Calibre.
