

ARTIST: FUTURE BOUND / BROOKES BROTHERS
LABEL: CRITICAL
CAT NO: CRIT024
SIDE A: SKC & BRATWA – PAIN (BROOKES BROTHERS RMX)
SIDE AA: FUTUREBOUND – FRIGHTNIGHT
LIMITED EDITION RED VINYL

This brand new release from Critical showcases the underground legend that is Futurebound and a hot new production duo blasting their way onto the scene.

Frightnight is a lesson in dancefloor mechanics. Driving beats combine with bouncing bass and cut up mayhem, pounding the floor into submission.

On the flip the deep roll out of Pain is turned in on itself. Whilst retaining the key elements of the original the Brookes Bros have added powerful drums and a twisted bassline giving it a breath of fresh air.

Support has come from all the best the scene has to offer including; High Contrast, Ed Rush, Cyantific, Logistics, Friction, Subfocus and more...
